The conference “Structural Change Promoting Gender Equality in Research Organisations” aims to enable and enhance the dialogue and knowledge sharing between all stakeholders taking part in the implementation of the 2020 Strategy assuring gender equality in research: policy makers, executives from research funding agencies, academia, research institutions and scientific society in general.

THE CONFERENCE **FORESEES:**

Presentations highlighting points of view of the largest research areas on the challenges met by science in this globalized world and policies used to tackle gender equality problems in science;

Discussions and analysis of political measures supporting gender balanced science aimed at increasing the quality and relevance of the research;

Discussions over more efficient engagement in partnership between funding agencies, research organisations and universities aimed at fostering cultural and institutional change on gender;

Discussions over monitoring and measuring methods to assess the impact of activities implementing structural change and promoting gender equality in research institutions;

Sharing of the best practices and defining next steps in the implementation of structural change in research organisations promoting gender equality.

PATRONAGE

The President of the Republic of Lithuania
H. E. Dalia Grybauskaitė is patronizing the event
